One of the other two wagers is the Three Card Bonus Wager in which the objective is to match a three card poker hand (players two cards with the dealer's up card) with it's Pay Table. The final wager is the Bonus 7's in which the objective is again to match cards with 7's with it's Pay Table.

The 3 Card Poker Bonus bet will be a three card poker hand that will consist of the players first to cards and the Dealers up card. Immediately after the second card is dealt to each player and the dealer, and prior to any additional cards being dealt to any player the Poker Bonus will be collected or paid in

The Bonus 7's bet will consist of a player's first card, first two cards, or first three cards being a 7. Odds pay better for the 7's being of the same suit.
