How to Play

To play, the player would pay \$0.50 for the ticket and then open the 1 window on the backside to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front of the ticket, they are a winner. All winners will have the Cash Payout feature showing the amount won.

Seal Card Instructions

In addition, there are 15 hold tickets. Each hold symbol is numbered Hold #1 thru Hold #15. Once the game is completely sold out, the operator will open the window on the seal card. The person holding that number will win the \$200.00 prize.

If the game is not completely sold out in one day, the players will sign the seal card on the line corresponding with their hold ticket. This is to ensure when the game is completed, the player will receive their winnings.
