How to Play

CASINO KINGS™ is a seal card game with instant winners and seal card winners. To play, the player would pay \$0.50 for the ticket and then open the windows on the back side to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front, they are a winner. All instant winners will have a cash payout showing the amount won. There are 1,920 tickets in a deal with 90 instant winners.

Seal Card Instructions

There are 18 HOLD numbers in the set, each identified by a red number 13 (013 through 1713). There are 6 KING hold numbers in the set, each identified by a KING graphic and a number (1 through 6).

Players who receive a hold ticket sign their name on the corresponding sign-up line on the seal card. This ensures that if the game is not completely sold out in one day, the players will receive their winnings. There are six numbered "KING" sign-up lines, one above each of the six "KING" seals, and eighteen sign-up lines for numbers ending in "13" next to the "13" seal.

Once the game is completely sold out, the operator will announce the name of game, "Casino Kings" and serial number, and that the game is now in play. Then the operator will open all of the six "KING" seal windows on the seal card to reveal the prizes to be awarded. Each player holding a numbered KING ticket is awarded the corresponding prize that is revealed. There is (1) KING winner @ \$100, (1) KING winner @ \$50, (1) KING winner @ \$20, (1) KING winner @ \$15, and (2) KING winners @ \$10.00.

The operator then opens the "13" seal window. The player holding the ticket matching the number revealed wins \$200.

Finally, the operator opens the \$200 King/Red 13 Bonus Seal window. The player holding the

ticket matching the number revealed under this seal, which could be ANY "13" number (013 through 1713), or ANY KING number (1 through 6) wins the \$200 prize and the game is over.

TOTAL WINNERS	PAY OUT VALUE	WINNING COMBINATIONS
2 Winners @ \$5.00	\$10.00	Crown + Crown + Crown
8 Winners @ \$2.00	\$16.00	Dice + Dice + Dice
