How to Play

There are two elements to the prizeboard in this seal card game. First, there are \$220 in instant wins within each deal. Second, a total of \$749 from each deal is awarded to some of the players that have one of the ten hold symbols within each deal.

Players open three windows on the back of the ticket. Winning symbol combinations are identified on the front of each ticket. All instant winners are determined by matching three identical symbols. There is a total of \$220 in instant winners in each deal.

There are ten hold tickets in each deal that are identified by Cat Pictures (1 through 10, inclusive). When the deal is sold out, the game operator will open the window on the seal card labeled "Winning Cat". One of the Cat name and numbers will be identified under this window. The holder of this hold ticket will direct the game operator to open one of the nine cat windows on the seal card. A total of \$749 in seal card prizes will be given to the winning Cat ticket holders according to the distribution of prizes identified under the seal card window selected by by holder of the Winning Cat hold ticket.
