### How to Play

The player would pay \$0.50 for the ticket and then open the 5 windows on the backside to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front, they are a winner. Pay all instant winners as tickets are opened and redeemed.

### Seal Card Instructions

In addition to the instant winners, there are 18 HOLD tickets, Red 13's (013, 113, 213, 313, 413, 513, 613, 713, 813, 913, 1013, 1113, 1213, 1313, 1413, 1513, 1613, & 1713), that have the word HOLD printed on them. All players with one of these Red 13 tickets should sign their name on the corresponding line on the seal card's register. Once the game is completely sold out, the operator will open the die cut window on the seal card labeled "1 winner \$250". There will be one Red 13 HOLD number under the window. The player whose HOLD ticket matches the Red 13 exposed under the window will win the \$250 & also gets to go to the bonus area on the seal card containing 8 windows numbered 1-8 for a chance at an additional prize of up to \$250. Under these 8 windows is either a fox graphic or a \$50 graphic (3 foxes total, 5 \$50's). The player who won the \$250 will open these windows 1 at a time until either he/she has opened all of the \$50 windows OR until 3 foxes are revealed. The player will win \$50 each time he/she opens a \$50 window. If the player reveals 3 foxes, he/she is done playing. The player keeps the prizes previously revealed. If there are unopened windows after the 3 foxes are hit, the gaming manager opens the window that states "The Fox in the Henhouse". There will be a different HOLD number under this window. The player whose HOLD ticket matches this number gets to open the remaining windows to claim any remaining money under the bonus seal section. Total seal card prize payout is \$500. The maximum amount one player can win on the seal card is \$500.
