### How to Play

NAGS TO RICHES™ is a bingo event game with instant winners and bingo event winners. To play, the player would pay \$0.50 for the ticket and then open the windows on the back side to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front, they are a winner. All instant winners will have a cash payout showing the amount won. There are 1,740 tickets in a deal with 133 instant winners.

### Instructions on How to Play the Bingo Event Game

There are 75 bingo HOLD numbers in the set identified by a bingo letter and its associated bingo number (B1 through O75). These holders have a chance to win one of two bingo event prizes of \$200 or \$100. The player holding the number of the first bingo number drawn wins \$200. The player holding the number of the last bingo number drawn wins \$100.

There are 15 additional HOLD numbers in the set identified by a colorful horse symbol and a number (1 through 15). This number appears in a graphic cloud of dust behind the horse and on the side of the horse symbol itself. These "horse holders" have a chance to win \$200.

Players who receive a hold ticket sign their name on the corresponding line of the card's "register" which is located on the included "CALLER CARD." Holders of a bingo ball number (1 through 75) sign their name on the "BALL NUMBER REGISTER," and holders of horse numbers (1 through 15) sign their name on the "HORSE NUMBER REGISTER." This ensures that if the game is not completely sold out in one day, the players will receive their winnings. Once the game is completely sold out, the operator will announce which game and serial number is in play and will draw bingo balls to determine the winning hold numbers in the game. Players holding the first number called and the last number called will be awarded \$200 and \$100 respectively.

The winning "horse holder" number is determined when all the numbers in a vertical row on the bingo board are called. The number at the top of this completed vertical row identifies the winning "horse holder" number. For example, if B-2, I-17, N-32, G-47 and O-62 are called, completing the first vertical row on the bingo board, the winning "horse holder" is horse number 2. The player holding the one ticket with horse number 2 is awarded the \$200 prize.

NAGS TO RICHES™ can be played with any bingo game. If a bingo occurs before a vertical row on the bingo board is completed, the game operator will continue to draw bingo numbers until a vertical row is completed so a winning "horse holder" number can be determined.
