How to Play

To play, the player would pay \$0.50 for the ticket and then open the 5 windows on the backside to reveal the symbols. If the symbols inside the ticket match the winning combinations on the front, they are a winner. All winners will have

the Cash Payout feature showing the amount won.

Seal Card Instructions

In addition, there are 10 HOLD TICKETS with numbers ending in RED 13'S (013-913). Once the game is sold out, the operator will open ALL OF THE WINDOWS ON THE SEAL CARD. The seal/hold number under these windows wins the dollar value on the front of the window.

There are five windows on the seal card. There will be one winner under the \$300 window, one winner under the \$75 window, one winner under the \$50 window, 2 winners under the \$25 window, and 5 winners under the \$10 window for a total seal value of \$525. Each hold ticket will win only once.
