How to Play

The player would pay \$0.50 for the ticket and then open the 3 windows on the backside to reveal the symbols. All instant winners are determined by matching three identical symbols.

Hold Ticket Instructions

There are also 15 "Hold" tickets that contain a horse figure numbered 1 through 15, inclusive. The Horse winner is determined by the first vertical row to be called on the bingo board (e.g., for Horse 1 to win, the numbers B1, I-16, N-31, G-46 and O-61 would be called prior to any other vertical row being called.) It is only possible for there to be one first "downline" winner of the "Win" prize. The numbers are called until a vertical column has been filled. The first downline winner will win \$200. The next two vertical columns called will also win Horse prizes. The second downline will win the \$100 "Place" prize while the third downline called will win \$50 "Show" prize.

There are also 45 hold tickets that contain bingo ball symbols numbered B1 through O75 inclusive. There are five tickets that have three different bingo balls, twenty tickets that contain two different bingo balls, and twenty tickets that contain one bingo ball. In total, 75 different bingo ball numbers are distributed among these 45 tickets.

The holder of the bingo ball ticket that corresponds to the number that completed the first "Win" Horse downline prize will win \$100. In the example given above, if N31 was the last number called that enabled Horse 1 to complete his or her downline, then the holder of N31 will win the bingo ball prize of \$100. Similarly, the holder of the bingo ball ticket that was the last ball called to complete the second "Place" Horse downline winner will win \$50 while the holder of the bingo ball ticket that was the last ball called to complete the third "Show" Horse downline winner will win \$25.

Balls will continue to be drawn from the bingo machine until winners are determined for all sections of the game.

B	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15
I	16	17	18	19	20	21	22	23	24	25	26	27	28	29	30
