

# Texas Hold-em Multi-Table Tournaments

Exhibit A

74 011

Scheduled tournaments are multi-table tournaments which are posted and only run at certain times. These tournaments consist of different buy-in amounts, starting chips and have slightly different blind structures than a normal Sit-N-Go tournament. Prizes are awarded based on the number of entrants and the percentage of the rake in each tournament. Approximately 10% of the players in the tournament are awarded prizes (70 players 7 prizes awarded). Prize amounts vary based on number of players in a given tournament.

## Multi-Table Tournaments

**Tournament Name: \$25 Rebuy**  
Buy-in \$25  
Starting Chips 2,000 (no cash value)  
Re-buys 9 Optional \$25 rebuys

Rake 20%  
Information This is an Omaha tournament, this tournament will not take a Bad Beat rake and players do not qualify for the Tournament Bad Beat Jackpot

### **Rebuy Procedures**

Any Texas Hold-em tournament that allows a rebuy will follow the following procedure: When players register for the game, they are entered into the player database and issued a receipt for the tournament they have entered. Upon the purchase of a rebuy, they will have their receipt collected so that it is recorded, and prevents them from purchasing additional rebuys in the event purchases are limited. In the event the computer system is down or not working, the receipt held by the customer will be marked as a rebuy is purchased and further attempts to purchase a rebuy will require the receipt be shown to Rockingham Gaming employees.
