Game Procedures – Grinder's Challenge

Table Stakes Cash Poker Games

The "Grinder's Challenge" is a rewards program designed to reward players purely for participation in Table Stakes cash poker games at The River Casino. Players will be given points based on buy in, rebuys, and time spent at the table, and the players with the top 10 points at the end of each month will be awarded a cash prize from the jackpot that is built throughout the month. 100% of the collected prize pool will be paid back to the players each month. Points will be maintained and posted in the casino as well as on the website.

1. Any player participating in the "Grinder's Challenge" must have a River Casino Player's Card
2. Points will be awarded by the cash game host or the manager on duty. It is the player's responsibility to check that the proper number of points were awarded before leaving for the day. Management will do their best to solve point disputes for days in the past, however if it cannot be conclusively determined through surveillance that the incorrect number of points were awarded to a player, the points entered on the day of play will remain unchanged.
3. Points will be awarded as follows
 - a. Initial Buy in Points
 - i. 1 point will be awarded for an initial buy in of \$100-199.

 - c. Time Played Points
 - i. 1 point for every hour the player is active at a table stakes table. If there is no game running, the player will be placed on an interest list and accumulate points while waiting for a game to open as long as he or she takes their seat when there are 4 or more interested players. If the players elect not to start a game with 4 or more players on the interest list, they will not receive additional points for waiting. If there is a wait list, players will begin receiving points when they are placed on a wait list as long as they take the seat they are assigned when one opens, or a new table begins. If a player elects not to sit when called for an open seat or a new table opening, he or she will receive no points while waiting.
 - ii. If a player plays for 8 hours straight he or she will receive 10 total points for their time played.

- iii. If a player plays for 10 hours straight he or she will receive 13 points for their time played.
 - d. All of the current day's points will be voided for a player if he or she does not participate in a table stakes game for a minimum of 30 minutes. The only exception will be if a player busts (loses all his or her chips) within the first 30 minutes.
 - e. Management reserves the right to alter or remove points if a player(s) are clearly circumventing the point system in a way that is not in the spirit of the rewards program.
 4. In the event that there is a variance in points displayed in the room and on the website, the points in the room will be considered correct.
 5. The rewards prize pool will be funded by taking \$1 from each pot that exceeds \$20 and has a minimum of 4 players dealt into the hand. Pots won by all players seated at a Texas Hold 'Em or Omaha game (eligible or not to receive a "Grinder's Challenge" Payout) will fund the "Grinder's Challenge" jackpot. There are no exceptions.
 6. The funds will be treated as the players' property and will be held in a separate checking account. The size of the "Grinder's Challenge" jackpot will be posted daily. No more or less than 100% of the "Grinder's Challenge" jackpot monies deposited will be allocated for all current jackpots.
