OMAHA BAD BEAT JACKPOT

GENERAL RULES

- The Bad Beat Progressive Jackpot shall apply to the game of Omaha only. To qualify for the Bad Beat, a hand of Four 8's or better must lose to a higher-ranking hand that must either be Four of a Kind or a Straight Flush or Royal Flush.
- Both the winning and losing players must use two of their hole cards to create the highest possible hand. (Players must table all four cards.) For four of a kind to qualify, the player's hand must include a pocket pair.
- In order for a hand to be eligible for the Bad Beat Payout, the pot must be at least \$20. The hand must go to a showdown (played to the end, where all cards have been dealt and players have completed betting and show their cards to determine the winner) in order for the Jackpot to be awarded.
- There must be a minimum of 4 active players at the table. (No Jackpot rake will be taken with fewer players.)
- Only best and second best hands qualify.
- Players must play their hands independently. If any player, whether directly or indirectly involved in the hand, passes information or instructs another on how to act or reveals their hand to other players, the Jackpot will be disqualified.
- If a player walks away from the game but he or she was in the hand at the beginning, they will retain their rights to their share of the Jackpot if a Jackpot hand occurs.
- In the rare occurrence of a Bad Beat Jackpot being hit on more than one game at the same time, and surveillance verifies that both hands completed the showdown at the exact same time, which is defined as all remaining players placing their cards face up on the table, the total Jackpot will be divided by the number of Bad Beat winning games and the Jackpot will be distributed on each game according to the percentages set forth below.
- Players are eligible to win the posted Jackpot amount (80% of total jackpot). Such amount will be updated once every gaming day.
- In order to collect any Bad Beat Jackpot payout, proper ID will be required. Payouts of the Bad Beat Progressive Jackpot are as follows:
 - a) When the Jackpot amount is \$20,000 or less:
 - 50% of the Jackpot will be awarded to the Bad Beat hand (losing player);
 - 25% of the Jackpot will be awarded to the winner of the hand;
 - 25% of the Jackpot will be awarded equally divided among the balance of the seated players on the game who received cards at the beginning of the hand. Amounts will be rounded to the nearest dollar with any breakage remaining for the next Cash BBJ.

b) When the Jackpot amount is \$20,001 or more, \$100 will be distributed to each seated player at a bad beat eligible Omaha table at Boston Billiard Club and Casino, except players at the Jackpot table. The balance of the Jackpot fund shall then be distributed to the Jackpot table according to the schedule listed above.

- Any dispute or situation not covered by the official rules will be resolved by poker management in a manner deemed by them to be the fairest to all concerned, and that decision shall be final and binding on all participants. In addition, management may void any entry, and/or change, cancel, or modify this promotion at any time with New Hampshire Lottery Commission, Racing and Charitable Gaming Division approval.
- If the Jackpot prizes reach the appropriate thresholds, players will be subject to federal and state guidelines for income tax.
- In the event that the Bad Beat Jackpot is removed as a promotion at Boston Billiard Club the hand qualifier will be lowered as necessary until there is a winner and all prizes have been distributed. The prizes will be given out in the same payout structure listed above.
- Employees of EESKAY NH, INC dba Boston Billiard Club and Casino shall not be eligible to win any portion of the Bad Beat Jackpot. In the event an employee is involved in the Bad Beat Jackpot, that portion of winnings will be returned and added to the next Cash BBJ.
